Progress of Village Improvement Work.

No. R. 3586-97—L. R. 12-17-25, DATED 4TH OCTOBER 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. C. Per 24—1, dated 18th and 20th August 1917, from the Revenue Commissioner in Mysore, forwarding the report of progress of Village Improvement work in the several districts during the quarter ending 30th June 1917, together with a copy of his review thereon.

Order No. R. 3586-97—L. R. 12-17-25, dated 4th October 1917.

Recorded.

2. The non-submission of the quarterly returns on the due dates by many of the taluks, and the fact that they are found to be sometimes inaccurate, point to the defective arrangements in vogue for the collection and compilation of these statistics. Government observe that the work could be systematised and rendered automatic if a Register is opened containing headings similar to those of the quarterly progress returns, and the particulars concerning each village are entered in the Register then and there as soon as the monthly record of progress is received.

3. *Progress in the working of the Scheme.*—The consolidated statement appended to this review shows the progress made in the working of the scheme in the several districts. The scheme is now in operation in 15,127 or 93% of the populated villages in the State against 14,557 or 86% of the populated villages at the end of last year. The ratio of the number of Committees that engaged themselves in performing the three essential duties under the scheme of devoting half a day a week for joint labour, subscribing for one or more newspapers, and holding weekly meetings for instruction and recreation, to the total number of Committees has increased from 47, 45, and 34% (or average 42%) at the end of 1915-16, to 50, 48 and 37% (or average 46%) at the end of 1916-17. There is thus still considerable scope for improvement, and the attention of all officers concerned is invited to the remarks made by Government in the review of last quarter in this connection.

As in the previous quarters, the progress is best in the Chitaldrug District, where about 62·5% of the Committees in existence are engaged in active work. Bangalore comes next with 54%, while Mysore comes last with only 29%. In the Mysore District, the number of Village Committees in existence has actually decreased by 4, while the number of villages affected by the reduction is as large as 34. The discrepancy requires explanation.

4. *Special Village Improvement Works.*—Government much regret that their expectations with regards to the utilization of the sanctioned grants have not been realized. The total amount actually spent on works during the whole year comes up to Rs. 77,881 which works out to only 55·5% of the total allotment of Rs. 1,40,000 exclusive of Rs. 10,000 set apart for rural libraries. It is not clear whether the whole of this sum of Rs. 77,881 represents only the Government grant, or includes also the contributions received from villagers. If the latter be the case, the percentage will be very much less than 55%. The occurrence of such heavy lapses is very unsatisfactory and Government hope that special arrangements will be made during the current year to fully work out the sanctioned grants.

The total value of works executed without the aid of Government grants in the several districts, except Tumkur, Hassan and Kadur for which no information has been furnished is Rs. 67,852 against Rs. 54,336 in the previous quarters, the Kolar District leading with works of the value of Rs. 24,322, Mysore and Chitaldrug Districts coming next with Rs. 17,879 and 12,124 respectively.

No. R. 3586-97—L. R. 12-17-25, DATED 4TH OCTOBER 1917

5. *Cart-tracks.*—Six hundred and thirty-nine and half miles of cart-tracks are reported to have been newly opened or repaired in all the districts during the quarter against 619 in the previous one, the total for the whole year being 2,619½ miles.

6. *Village Common Fund.*—Only Rs. 8,232 have been collected during the quarter on account of village common fund in the several districts except Tumkur, against Rs. 12,248 in the previous quarter. It is hoped that better progress will be achieved in this respect.

7. *Amildars who have done good work under the Scheme.*—The marginally noted Amildars and Deputy Amildars in the Chitaldrug District are reported to have done good work during the quarter under review, while the reports of the other Deputy Commissioners do not contain any information on the point. The Revenue Commissioner's attention is invited in this connection to letter No. R. 11212—L. R. 15-15-194, dated 1st June 1916, and he is requested to ascertain and report for the information of Government, the names of about a dozen Amildars in all the districts, who have done the best work under the scheme.

Construction of Quarters for School-masters in Villages.

No. R. 3741-53—L. R. 12-17-30, DATED 9TH OCTOBER 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 3021-31—L. R. 10-14-35, dated 22nd October 1914, explaining the objects for which grants-in-aid may be sanctioned under the Village Improvement Scheme.

2. Paragraph 2 of Government Order No. R. 2718-20—L. R. 12-17-15, dated 11th September 1917, stating that separate orders would issue regarding the general question raised by the Deputy Commissioner of the Chitaldrug District, as to whether grants-in-aid for the construction of Village School-masters' quarters are admissible under the Village Improvement Scheme or not.

Order No. R. 3741-53—L. R. 12-17-30, dated 9th October 1917.

Government are pleased to direct that the construction of quarters for school-masters in villages be included as an item of Village Improvement Work for which grants may be given.

Remission of Irrecoverable Arrears of Revenue.

No. R. 3810-9—L. R. 75-16-6, DATED 11TH OCTOBER 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ.—

Government Order No. R. 3105-44—L. R. 212-06-1, dated 11th September 1906, paragraph 1(vi), empowering the Revenue Commissioner to sanction the remission of irrecoverable arrears of revenue, submitting to Government half-yearly returns of the same.

2. Government Order No. R. 1510-9—L. R. 381-10-2, dated 6th September 1911, observing that local Revenue Officers are competent to grant remissions on their own authority and without reference to Government in all cases in which the remissions are due under any Standing Order or rule; but if they happen to be included in the demand, collection and balance accounts, the sanction of the Revenue Commissioner should be obtained as in the case of amounts absolutely irrecoverable

Order No. R. 3810-9—L. R. 75-16-6, dated 11th October 1917.

In modification of the orders read above, Government are pleased to authorise the Deputy Commissioners to sanction the remission of irrecoverable arrears of revenue in all cases where the amount involved is not more than Rs. 50, submitting to the Revenue Commissioner quarterly statements of the same. Cases involving amounts greater than Rs. 50 will be submitted as here-to-fore to the Revenue Commissioner for orders.

2. All pending cases should be disposed of in accordance with the foregoing instructions.

Collection of Public Subscriptions.

No. R. 3886-94—L. R. 478-16-7, DATED 12TH OCTOBER 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with letter No. 616, dated 14th April 1917, from the Revenue Commissioner in Mysore, forwarding with his own observations, a letter from the Deputy Commissioner of the Bangalore District, reporting in the matter of collection of subscriptions by successive Amildars of the Kankanhalli Taluk, for the construction of a Reading Room holding of the Kabbal cattle show, etc., without granting proper receipts in certain cases and incurring expenditure on their own responsibilities in certain others, etc., and stating that he has, with a view to guard against complaints of malpractices in respect of such collections in future, issued a confidential circular to all subordinate officers.

2. Correspondence ending with letter No. 724, dated 8th June 1917, from the same officer, forwarding the explanations of the Amildars concerned.

Order No. R. 3886-94—L. R. 478-16-7, dated 12th October 1917.

Recorded.

2. Government consider that the collection of subscriptions was irregular and has been in all the cases referred to above. The displeasure of Government will be communicated to the Amildars concerned for the arbitrary and unbusiness-like manner in which the subscriptions were collected and expended by them.

3. They agree with the Revenue Commissioner and direct that under no circumstances should Revenue Officers collect public subscriptions or have anything to do with such matters without express authority from Government.

4. The circular issued by the Deputy Commissioner of the Bangalore District should be withdrawn as Government Order No. R. 12651-90—L. R. 252-05-4, dated 30th March 1906 (printed on pages 85—86 of the Revenue Manual) lays down the procedure to be followed when such collections are authorized by Government.

No. R. 3820-68—L. R. 89-16-5, DATED 11TH OCTOBER 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 3820-68—L. R. 89-16-5, dated 11th October 1917.

With a view to secure the expeditious disposal of *darkhasts*, in regard to which representations have also been made at the Representative Assembly, Government are pleased to issue the following order:—

Rule 41 of the Land Revenue Rules provides for the occupancy of any unoccupied survey number, assessed or unassessed, not reserved for any specific purpose, being granted at once, to the first applicant free of charge. Government however find that in almost every case the Amildars follow the sale procedure causing thereby much delay and uncertainty. When valid reasons, such as those enumerated in the latter part of the rule exist, then only has the land to be sold by public auction or given for an upset price. The following classes of lands are excepted from the operation of the rule of free grant. The special procedure to be adopted in regard to each of them is also indicated below.

(*a*) Unassessed lands and lands specially reserved or assigned for any public, communal or municipal purpose under Section 39, Land Revenue Code, *e.g.*, *gomal*, date reserve, village forest, state forest, etc.

(*b*) Lands in the vicinity of Railway Stations within the limits prescribed by Rule 49 A.

(*c*) Lands irrigated or likely to be irrigated by large irrigation projects.

(*d*) Lands containing sandal trees.

(*e*) Lands containing *valuable* fruit or other trees or wells or buildings.

It is presumed that necessary entries have been made in the Khethwar Patrik at the time of Survey or Resurvey Settlement in the case of almost all lands falling under class (*a*), and probably also in the case of lands falling under class (*b*). If this has not been done, the omission should be made good at once by reference to the Faisal Patrika, and the village map. As regards the other classes of lands the Amildars will cause the entries to be made from time to time as the cases come to their notice during the course of inspection, or as orders are received from the higher officers.

2. In order to determine whether a particular *darkhast* should be dealt with according to the general rule of free grant, or otherwise, reference should be made to the Khetwar Patrik, and if that document does not furnish the necessary data, the *darkhast* should be forwarded to the Village Officers for furnishing a memorandum in Form A, apppended to this order, which should be done not later than a week from the receipt of the requisition. The form of the memorandum explains itself. In order to avoid delay and minimise clerical labour, printed forms will be supplied to all village officers. This form is applicable to all kinds of *darkhasts* generally, and supersedes the form prescribed at pages 309-312 of the Revenue Manual.

3. Applicants may present their *darkhasts* in the first instance to the Shekdar, and in such a case, the Shekdar should transmit them within a week to the Amildar for orders with the prescribed memorandum.

4. Immediately on receipt of the memoranda the Amildar will decide whether the occupancy should be granted free of charge, or should be sold by public auction or should be granted for a fixed price. In the first and second class of cases he should issue a *saguvali chit* or sale proclamation at once, on his own authority, while in the third class of cases he should submit the records without delay to the Sub-Division Officer for orders together with his opinion.

No. R. 3820-68—L. R. 89-16-5, DATED 11TH OCTOBER 1917.

5. *Gomal and other reserved lands.*—The special rules governing the disposal of *gomal* and other reserved lands are contained in the Government Order printed at pages 279-282 of the Revenue Manual. The previous sanction of the Revenue Commissioner is necessary to appropriate such lands for cultivation and the first step to be taken on receipt of applications for such lands is to obtain a report from the village officers in the form prescribed (*vide* Form A appended to this order) and forward the same to the Deputy Commissioner. No further action need be taken till the necessary permission is received, and when it is received, the applications should be dealt with in the same way as *darkhasts* for unassessed lands. Necessary action will be taken to amend the Land Revenue Code, with regard to delegating the power to sanction appropriation in such cases to the Deputy Commissioners. The Deputy Commissioners are requested to see that such cases are promptly dealt with in their offices.

6. *Date groves.*—The existing orders on the subject of disposal of date groves printed at pages 386 and 387 of the Revenue Manual should be carefully observed. It has been brought to notice that references to District Excise Officers are not often promptly replied to. The Excise Commissioner is requested to issue suitable instructions to the officers of his department in the matter. A time limit not exceeding two months, may be fixed within which such references should be required to be disposed of and any delay that requires notice should be reported for the orders of the Deputy Commissioner.

7. There are reasons to believe that the date reserve lists have not been prepared with sufficient care and attention in all cases and that there are numerous instances in which lands not fit to be reserved for excise purposes on account of the sparsity of the tree growth or other causes have been included in the reserve list. It is hoped that action will be taken by the Excise Commissioner to revise the lists of date reserves as early as practicable in accordance with Government Order No. Fl. 1850-1 - S. R. 134-15-3, dated 25th September 1916.

8. *(a) Lands containing sandal tree, (b) Amrut Mahal Kaval lands and (c) Forest lands.*—Rule 41A and the orders printed at pages 384 and 385 of the Revenue Manual govern these cases. The Conservator of Forests and the Amrut Mahal Superintendent are requested to issue suitable instructions to the officers of their respective Departments to treat all references regarding *darkhasts* as urgent and reply to them within a time limit to be specified.

9. *Lands in the vicinity of Railway stations within the prescribed limits.*—Rule 49 (*a*) contains the procedure to be followed in the case of *darkhasts* for such lands. In order to guard against the danger of such lands being given out for cultivation inadvertently under the ordinary *darkhast* rules, Amildars should cause the necessary entries to be made in the Khetwar Patrik against every survey number coming within the prescribed limits.

10. *Lands affected or likely to be affected by large irrigation projects.*—The disposal of lands likely to be affected by large projects of irrigation is generally governed by special rules issued at the time of sanctioning such projects. If no such rules have been framed, then the rules contained in Government Order Camp No. 1382-90, dated 1st October 1888 (pages 721-723, Revenue Manual) should apply. The Amildar should invariably obtain the orders of his superior officers in regard to the disposal of such lands. The Department of Public Works should as soon as possible after any such project is taken up for investigation, or consideration, notify to the Revenue Department either generally or specially the lands which will be affected by the project.

11. Directions for the speedy disposal of *darkhasts* involving sub-division of lands, contained in Government Order No. R. 7486-94—L. R. 294-04-2, dated 18th December 1905, (pages 321-322, Revenue Manual) should be carefully followed. These directions are hereby made applicable to Taluks and villages in which Revision Settlement has been introduced. This supersedes paragraph 8 of the said Government Order. The question of providing facilities for expediting sub-divisions is now engaging the attention of Government and separate orders will be issued on the point.

No. R. 3820-68—L. R. 89-16-5, DATED 11TH OCTOBER 1917.

12. *Darkhasts for building sites.*—Instructions in regard to the disposal of *darkhasts* for building sites are contained in Rules 45-49 of the Land Revenue Rules and the orders printed at pages 327 and 328 of the Revenue Manual, and certain additional powers have been conferred on Amildars in regard to this matter, in Order No. R. 6185-233—L. R. 641-13-14, dated 16th December 1916. All vacant land not already in the occupation of private individuals should, wherever possible, be demarcated on the ground into building sites, *kanas*, *hul-hittals*, etc., numbered and mapped so that intending occupants may know what plots are available and indiscriminate applications may be summarily rejected. The demarcation should be done under the direction of the Amildar in consultation with the Village Improvement Committee, if any, existing in the village.

13. *Registers and returns.*—The Register prescribed by Rule 56 for entering *darkhasts* for lands for cultivation is amplified as shown in Form B. I. appended. Form B. II. may be adopted for entering applications for building sites, etc. With a view to avoid delay all correspondence should be shown in the register which must be maintained regularly and made available for inspection by superior officers.

14. A report in Form C. should be submitted once a quarter by the Amildar to the Sub-Division Officer who will review the same, and send one copy of it to the Amildar and another copy to the Deputy Commissioner. Suitable notice should be taken of any laxity coming to notice at these audits.

15. *General.*—The Government hope that the heavy pendency of work under *darkhasts* in all the Taluk Offices will be reduced to a minimum at an early date, by a close adherence to the instructions issued above, by all the officers concerned and by strict supervision and check on the part of the Sub-Division Officers and Deputy Commissioners.

16. Separate action will be taken to incorporate suitably the foregoing instructions in Chapter VII of the Revenue Rules dealing with the grant of occupancies.

APPENDIX A.

Questions.	Answers.
1. Are there any other applicants for this land? If so, who are they? and state date of application.	
2. (*a*) Who are the owners of the surrounding fields?	
(*b*) Has the receipt of the *darkhast* been notified to them?	
(*c*) Is there any *takrar* from them or any others to the disposal of this land? If so state what the *takrar* is?	
3. Is the applicant a *Khatedar* of the village?	
4. Is there any pathway, stream or *halla* tank, *katte*, building, etc., in the *darkhast* land which should be reserved? Is it shown in the *Nakase* (Village map)?	
5. Are there any *valuable* fruit or other trees, wells or buildings in the land? If so, specify them and state their approximate value? Does it contain any sandal trees? If so, how many?	
6. Are there any prohibitory orders forbidding the grant of this land for cultivation?	

[*Additional information to be furnished in the case of gomal and other reserved lands.*]

7. What are the survey numbers assigned as *gomal* for this village and what is the extent of each? What is the number of cattle in the village? What is the total extent of unassessed unoccupied lands (Hulbanni Kharab)?	
8. Is the land included in the date reserve list? How many date trees of sorts does it contain? Is it fit to be reserved as a date grove?

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 3872-82—L. R. 75-16-7, dated 11th October 1917.

With a view to facilitate the recording of correspondence relating to revenue recovery and the scrutiny of arrears, Government are pleased to prescribe the forms hereto annexed for the registry of such correspondence and the preparation of the Jafti Patti, Wasul Baki or Demand, Collection and Balance Register and Kulwar Baki Pattis in the Taluks. A separate register for records of coercive processes should be maintained in each Taluk Office in the form given in Appendix A and every case should be entered in it at the time of issuing the notice of demand. All further correspondence connected with these cases should be noted in the appropriate columns against the original entry and these records should bear separate serial numbers distinct from those of the ordinary "From" and "To" Registers in which they will not in future be entered.

2. Printed copies of these forms will be stocked in the Government Stationery Depot and supplied to Taluks on indent.

REVENUE COMMISSIONER'S REVIEW.

Recorded.

2. The following statement shows the extent of cattle mortality in the State during 1916-17 as compared with the previous year. The increase in the number of deaths was due to the prevalence of cattle diseases in almost all the districts. Steps were taken as far as possible by the Civil Veterinary Department to check the spread of these diseases.

Letter No. C. 73 of 17-18-9, dated 13th September 1917, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to forward herewith letter No. 24, dated the 3rd July 1917, to your address together with its enclosures from the Conservator of Forests in Mysore submitting proposals for the reservation as a State Forest of a portion of the Bagganadu Amrut Mahal Kaval land in the Hiriyur Taluk.

2. The Bagganadu Amrut Mahal Kaval was transferred to the Revenue Department in Government Order No. R. 4840-3—L. R. 102-10-4, dated the 23rd February 1911. The area of the Kaval is about 6,173 acres of which an extent of 5,019 acres is culturable. This area has been divided into small plots of convenient size at the cost of Government, but only about 2,265 acres have till now been taken up for cultivation. About 140 acres more are reported to have been recently applied for. There is thus a balance of 2,614 acres yet available for cultivation. The Conservator's proposal is for the reservation of 2,126 acres out of this and 472 acres of kharab into a State Forest. The Deputy Commissioner is of opinion that an extent of 200 acres of assessed land may be set apart to meet the demands of expansion of cultivation and the rest notified as 'Reserved land' under Rule 16 for the management of District Forests (Government Notification No. 245—1300, dated the 2nd October 1901). The Deputy Commissioner's proposal appears to serve quite well the object in view, *viz.*, the protection of Hothejah Kagli and Udi and may be sanctioned.

3. A copy of the Deputy Commissioner's letter is also enclosed for reference.

Letter No. D. Dis. 44—Rev. of 1917-18, dated 14th August 1917, from the Deputy Commissioner, Chitaldrug District, to the Revenue Commissioner in Mysore, Bangalore.

With reference to your docket No. C. 73—Genl., dated 21st July 1917, calling for certain information in the matter of the proposed reservation of part of the Bagganadu Kaval in the Hiriyur Taluk as a State Forest, I have the honor to state that the total extent of the kaval transferred to the Revenue Department was 6,173 acres 11 guntas. Of this, an extent of 5,018 acres 28 guntas was assessed at Rs. 897, while the remaining extent of 1,154 acres 23 guntas was treated as kharab for purposes noted in the margin. Of the culturable waste, an extent of 2,265 acres 16 guntas assessed at Rs 447-8-0 has till now been disposed of for cultivation. Darkhasts have now been received for an extent of 138 acres and 22 guntas assessed at Rs 24-12-0 and the same has been advertised for sale. At present this area and another 200 acres may be set apart for cultivation. The details of the lands will be settled at the time of the settlement or before issue of final notification.

76-27 Halla
49-24 Nala
407-37 Tank bed
482 11 Hulbannı Kharab
138-4 Phut Kharab

2. Beyond this I do not think there is any keen demand for land in the village and it is unnecessary to keep a large area of waste land idle. There is a fair growth of thorny shrub in the area and this is now being cut and removed without any control for fencing, fuel and so on. I am in favour of notifying the land as "Reserved Land" under Rule 6 of the Rules for the Management of District Forests, etc., for greater control and protection. Later on, if cultivation expands and the lands are in demand, suitable extents may be thrown out for cultivation.

3. As regards the amount spent in sub-dividing the lands comprised in the proposed block, I beg to state that no information is available in the Revenue Department.

4. The enclosures received with the above are herewith returned.

Government Order No. R. 6839—Ft. 108-16-2, dated 30th December 1916, stating that the question of developing the Vernacular School for the training of Foresters to admit of higher training of Officers of the Rangers' class will be considered after the Forest Department is reorganized.

2. Correspondence ending with letter *No. 1894, dated the 29th August 1917, from the Conservator of Forests in Mysore, explaining the urgent necessity for the starting of a school for the training of Rangers; and submitting a scheme for the training of twenty candidates in the Rangers' class and fifteen candidates in the Guards' class at a cost not exceeding Rs. 19,000 for eight months from November next.

* (Printed as an accompaniment.)

3. Correspondence ending with letter No. 491-2, dated 1st October 1917, from the Inspector-General of Education in Mysore, stating that arrangements can be made for the teaching of Physics and Chemistry in the High School Collegiate class and surveying in the Chamarajendra Techn Institute at Mysore on payment of additional remuneration to the Instructors as follows:—

Rs. 50 for Physics Lecturer.
Rs. 40 for Chemistry. „
Rs. 50 for Instructor in Surveying.
Rs. 25 for Instructor in Drawing.

Order No. R. 4036-8—Ft. 76-17-5, dated 19th October 1917.

Government recognize the need for opening a Rangers' School in the State and are accordingly pleased to approve of the Conservator's proposals as detailed in the letter read above. The school will be opened in Mysore from the 1st November 1917.

2. The number of candidates to be admitted to the Rangers' Class this year will be twenty, of whom twelve will be departmental and eight private candidates. The Conservator of Forests may call for applications from private candidates with the minimum qualifications suggested by him. Fifteen candidates may be selected for training in the Guards' class.

3. The candidates for the Rangers' class will be taught elementary Physics and Chemistry and Surveying, the two former subjects in the High School Collegiate class, and the last named subject at the Chamarajendra Technical Institute (Engineering Section) at Mysore.

4. The sum of †Rs. 19,600 required for the expenditure for eight months during the current year will be met partly out of the provision of Rs. 15,000 under 2. Forest, 2 Establishment in the Budget of the current year and the balance from the lump sum provision of Rs. 50,000 allotted for the reorganisation of the Forest Department during the current official year. The necessary separate provision will be made in the next year's budget.

No. 1894—E. 2, dated Bangalore, the 29th August 1917, from M. G. Rama Rao, Esq., B.A., Conservator of Forests in Mysore, Bangalore, to B. Ramaswamaiya, Esq., B.A., B.L., Secretary to Government, Revenue Department, Bangalore.

With reference to your letter No. R. 1881—Ft. 76-17-1, dated the 20th instant, I have the honor to state that there are at present, 52 Range Charges of which over 20 are held by unprofessional men. My Revision Scheme now before Government, having for its object the intensive working of Forests on scientific lines would result in the augmentation of Range Charges by the addition of 30 more ranges almost immediately. Past experience has shown that the Coimbatore College cannot provide more than two or three seats every year, which number is hardly sufficient to replace our annual casualties. We have got to train, at least, 50 men in the next three or four years and there is no scope anywhere in India at present to train this large number.

2. It is now generally recognized all over India, that in matters of this kind, it would be more advantageous and economical for each Province to make its own arrangements for training its Rangers. Sound practical training, it is argued, given under local conditions, would be far superior to that under entirely different conditions with which the students will have very little to do when once they have left the school.

3. The necessity for opening a school being thus obvious, I recommend that as a first step, a Rangers' Class may be opened and worked in conjunction with the Engineering Classes at the Chamarajendra Technical Institute at Mysore or with the Engineering College at Bangalore. The instructions which will be imparted in English, will be of a Secondary Standard in Forestry which is all what is required by our Rangers. Later on, when some experience in the actual working of the school is gained, it may be developed into a College for imparting Higher or Collegiate Education, should a necessity arise in this direction, and affiliated to the Mysore University eventually. There is no immediate necessity therefore for a costly institution.

4. An Officer of the status of an Assistant Conservator of Forests assisted by two competent Rangers will be enough for the present, to instruct the classes on subjects of Forestry of which a syllabus prepared on the model of that of the Forest Colleges at Coimbatore and Dehra Dun is herein enclosed. The Instructors at the Technical Institute or the Engineering College can take the forest classes in Engineering, Surveying, Levelling, Drawing and other subjects which are common both to Engineering and Forestry for a couple of months or more, if necessary, on an Honorarium of Rs. 50 each.

5. The Assistant Conservator of Forests will be the Principal of the School which will be under the Administrative control of the Conservator of Forests. Later on, when the school has sufficiently developed, the Conservator of Forests may be given the assistance of a Board consisting of Deputy Conservators of Forests and Forest Officers possessing European qualifications in conducting examinations deciding upon the course of the ensuing year, and in directing the affairs of the school generally. The Principal will be responsible for the general management and Administration of the School including the conduct of studies, control of students and correct maintenance of accounts. All communications will be addressed by him to the Conservator of Forests. During the period of his deputation to the school, the Principal will be seconded in the list of Forest Officers and will be given a local allowance of Rs. 100. The two Rangers associated with him will also be allowed a Deputation allowance of 20 per cent of their salaries. All these officers will be eligible for the travelling allowance to which they are entitled under the Service Regulations.

No. R. 4036-8—Ft. 76-17-5, dated 19th October 1917.

6. The school course will extend over a period of 23 months beginning with July each year. Since the course, this year, cannot begin earlier than November next, the first batch of students will have only a nineteen months' course.

7. The following candidates will be eligible for admission to the school and not more than ten belonging to each class will be taken to the school at a time:—

(1) Rangers, Deputy Rangers and Foresters who have passed the School Final or Matriculation Examination and others who have done very good work and recommended by the District Forest Officers, as being likely to be benefited by a course of instructions.

(2) Private students who have passed the Matriculation or the School Final Test or any other Higher Examination.

8. Men drawn from class 1 will be permitted to draw the pay they are entitled to in their substantive appointments, substitutes being temporarily appointed in their places during the period of their training on a minimum pay of 50 rupees in case of Rangers, and 30 in case of Deputy Rangers and 15 in the case of Foresters.

9. Candidates falling under class 2 will be required to undergo a preliminary examination in English and Mathematics. The successful candidates will be required to undergo a preliminary training in the forests for a period of three months before joining the school. The preliminary training will have to be dispensed with in the case of the first batch of students as there is hardly any time to undergo such a course. No stipend will be allowed to them whether at the preliminary training or at the school later. No fees will, however, be charged for imparting instructions. The assurance of appointments rising from Rs. 50 to 150 seems to me a sufficient incentive in their case. Those among them who succeed in taking Honours' Certificate will have the advantage of being started on Rs. 70.

10. No school for foresters is necessary since their number will be curtailed from 130 to 30 in the Revision Scheme proposed by me. This class of subordinates whose pay and prospects will be considerably improved in future may be recruited from among the batch of men trained in the Rangers' School, who may succeed only in taking a Lower Standard Certificate.

11. The scheme of elementary training in vernacular proposed by me and sanctioned by Government in Government Order No. R. 4926-35—Ft. 168-15-7, dated the 23rd November 1916, has worked very well in practice and the syllabus of instructions given therein has been found from experience to suit the requirements of the Protective Staff admirably. For the present, one of the two Rangers attached to the Rangers' School may be detailed for imparting instructions to the guards on the lines already laid out under the supervision of the Principal of the Rangers' School.

12. The accompanying memo furnishes a forecast of expenditure for conducting the school for 8 months ending June 1918. It may be found necessary to augment the grant considerably from the ensuing year since two classes have to be run concurrently. The services of at least two Sub-Assistant Conservator of Forests, one more Ranger and one more Sub-Assistant Surgeon and Havaldar would be necessary.

13. In conclusion, I beg to state, that there would be no necessity for deputing any student to Coimbatore for the course of 1918-20, if, as proposed by me, sanction is accorded for opening the school from 1st November next. The funds thus set free may be utilised for hiring a building, if necessary, for the school and for meeting the tour expenses of the school. On receipt of Government Orders, proposals will be submitted nominating a Principal for the charge of the school.

Correspondence ending with letter No. 4507, dated the 10th November 1908, from the Excise Commissioner in Mysore, regarding the claim of the Jahgirdar of Yelandur to all items of Excise Revenue of the Jahgir.

Order No. Fl. 2075-7—S. R. 142-06-8, dated 13—16th October 1917.

1. On the representation of the Jahgirdar of Yelandur to the Deputy Commissioner, Mysore District, dated 31st July 1892, regarding the payment of the Excise Revenue from toddy of the Jahghir from 1892-93, the Excise Commissioner n Mysore requested (in his letter No. 1215—65, dated 31st August 1892) orders of Government as to whether the Jahgirdar might be paid the rental of the Jahgir monthly or whether a previous enquiry was necessary as to the validity of the claim to the said revenue, as ordered in para 5 of Government Order No. 1019-29—Jir. 4, dated 12th April 1892, relating to the toddy claims of all inamdars. In Government Order No. 12532—R. 1481-82, dated 1st March 1893, it was held that previous enquiry and report were necessary before any payment was made. As the Jahgirdar, however, represented that much inconvenience would be caused to him if the large amount is withheld, pending enquiry into the claim, Government ordered in Government Order No. 14633-5—R. 1784, dated 1st March 1893, that pending the report called for in their letter of the 19th January 1893, there was no objection to the actual realisation of toddy revenue in the Jahgir being paid to the Jahgirdar on refund bills to be submitted once a quarter with the usual treasury certificate of credit.

2. Accordingly refund bills were being sanctioned as advances subject to adjustment, and in Government Order No. Fl. 2641-3—S. R. 28-06-5, dated 9th October 1906, the Excise Commissioner was directed to expedite the enquiry and final settlement of the claim in question.

3. Thereupon the Jahgirdar sent up a representation on 28th May 1907, direct to Government, explaining his grounds for claiming all items of Excise Revenue and stating in brief why the same could not be preferred earlier. The Excise Commissioner was directed to investigate the claim and to submit a report on the matter and the final report of this officer was sent up with letter No. 4507, dated 10th November 1908.

4. The points for decision are (1) whether the claim to the toddy Excise Revenue should be regulated by the rules issued with Government Order No. 2074-83—R. F. 166-92, dated the 2nd August 1901, and (2) whether the claim to the other items of revenue, *viz.*, arrack, ganja and opium, is established.

5. As regards toddy excise, Government hold that the claim is one to be governed by rules of 2nd August 1901 and concurring with the Excise Commissioner consider that the Jahgirdar is entitled to the Excise Revenue from toddy of the Jahgir, which will include shop rent as well as tree tax under the rules of 1901. This revenue will be paid from the current year under the revised rules issued with Government Order No. Fl. 3697-706—S. R. 94-14-3, dated 30th December 1916. The Excise Commissioner is requested to see that the advances already made to the Jahgirdar on this account are adjusted from the payments to be made under the rules.

No. Fl. 2075-7—S. R. 142 06-8, dated 13—16th October 1917.

6. As regards the other items of excise, *viz.*, arrack, ganja and opium, Government hold that the Jahgirdar has not succeeded in proving his claims beyond all reasonable doubt. The fact remains that he failed to urge them so far as ganja and opium are concerned and there is no clear proof of enjoyment before 1907. Even conceding that prior to 1876, some payment under *arrack* was made to the Jahgir no clear explanation has been furnished for not pressing the matter since the year for fourteen years and thereafter till 1907. Under these circumstances Government consider that claims for arrack, opium and ganja revenue must be rejected.

The marginally noted subjects of the Representative Assembly, regarding the classification and qualifications of legal practitioners in Mysore.

No. 42 of 1914
No. 16 of 1915
No. 38 of 1915
No. 25 of 1916

2. Correspondence ending with letter No. R. Dis. 34, dated 28th November 1916, from the Registrar, Chief Court, furnishing the views and suggestions of the Judges in the matter.

Order No. J. 1377-1426—Cts. 335-14-4, dated 22nd October 1917.

The suggestions made by the members of the Representative Assembly are as follows:—

(i) Only those who have passed the F. A. or the Intermediate Examination should be permitted to appear for the Pleadership Examination.

(ii) The distinction between the first and second grade Pleaders should be abolished.

(iii) All pleaders should undergo a period of apprenticeship before enrolment.

(iv) Those who have qualified themselves in part should be exempted under the new rules.

2. The Chief Court, while generally approving of the above suggestions, except No. (iii) which they think is unnecessary, have submitted the following additional proposals in the matter:—

(*a*) That pleaders should be permitted to practise only, in the courts of Munsiffs and Magistrates and on the small cause side of the higher courts, or as an alternative,

(*b*) that no pleader with less than five years' practice shall practice in the District Court.

(*c*) That the Pleadership Examination should be conducted by the Chief Court or, in case the present system is to continue, a pass in the first class should be prescribed.

3. On a careful consideration of all the above proposals and, in consultation with the Local Service and Pleadership Examination Board, Government have arrived at the following conclusions:—

(i) That there shall be only one class of pleaders corresponding to the present 1st grade, that there shall be no addition to the class of the second grade pleaders except as provided in paragraph 5 below, and that the existing privileges of the second grade pleaders shall continue as heretofore, till that class of pleaders ceases to exist.

(ii) That for a period of three years from now the minimum qualification for admission to the Pleadership Examination shall be the examination at the end of the first year of the College course of the Mysore University or the Intermediate Examination of British Indian Universities;

(iii) That the existing privileges allowed to first grade pleaders, *viz.*, of practising in all the courts except the Chief Court, and of being enrolled as Advocates under certain conditions be continued to the new class of pleaders under similar conditions.

Government Order No. 5248-59—San. 38-12-38, dated the 6th January 1915, sanctioning a scheme for the improvement of water-supply in villages by providing a sufficient number of draw-wells and directing that all precautions should be taken to keep the water free from contamination.

2. Government Order No. 7500-10—L. B. 12-15-27, dated 7th April 1916, circulating for the information of District Boards a set of instructions for sinking draw-wells in rural parts.

3. The Kannada booklet circulated with No. R. 4992-9—L. R. 15-15-7, dated 23rd November 1915, containing instructions, amongst others, as to how the water of wells may be preserved from contamination by the installation of suitable pumps at a cost of Rs. 100 or 150 a pump.

4. Circular letter No. 226, dated 22nd August 1917, issued by the Sanitary Commissioner recommending the installation of Myer's pumps to drinking water wells (Printed as an annexure).

Order No. 2020-30—San. 49-17-2, dated 5th October 1917.

Government observe that a large number of wells are being sunk, year after year, in rural parts, but hardly any satisfactory provision is made for protecting the water-supply from contamination, which is far more important than the mere sinking of wells.

2. With a view to protect the wells already sunk and those to be provided hereafter and to provide facilities for raising water with considerably less manual labour, Government direct that the kind of pumps suggested by the Sanitary Commissioner should be installed to each well, the cost being provided for, from the Drinking Water Wells Fund or the District and Municipal Funds. In the case of large wells it may perhaps be necessary to fit up two or more pumps to the same well to admit of water being drawn by more than one person at the same time.

Arrangements should also be made for occasional disinfection of the wells.

3. The estimates for new wells should in future invariably include the cost of installing at least one pump to each well unless there are insuperable difficulties for such installation in which case the nature of objection or difficulty should be explained in the memo accompanying the estimate.

No. 2020-30—San. 49-17-2, DATED 5TH OCTOBER 1917.

No. C. 226, dated Bangalore, 22nd August 1917, from M. Srinivasa Rao, Esq., M.A., M.D., etc., Sanitary Commissioner in Mysore, Bangalore, to the Deputy Commissioners of Districts.

I have the honor to invite your attention to the existing practice whereby an attempt is made to safeguard the sources of drinking water-supply in certain Municipal towns by the appointment of a watchman, whose duty it is to see that the people do not foul the water. Satisfactory as the arrangement may appear at first sight, in actual experience it is bare of result. In the first place, it is too much to expect one man to be at his post at all hours of the day and night to prevent the possible contamination of the water. In the second place the people who come to the honda or step-well put their feet into the water contaminating it with all the dirt that adheres to their feet. Many of them bring with them dirty pieces of cloth for straining the water. They are washed in the water and contaminate it. A thirsty wayfarer will always wash his feet and gargle his mouth before drinking the water. The ignorant watchman does not consider these practices as tending to pollute the water at all, because he himself does the same thing frequently. The real utility of the watchman is likely to be felt, not during normal times, but on occasions of cholera epidemics when, if the water-supply happens to be contaminated, he can to some extent prevent the use of the water by the people.

2. I would, under the circumstances, suggest that this out-of-date arrangement may be wholly done away with and instead, steps may be taken to instal Myer's pumps to the sources of water-supply, after making arrangements for preventing people from having direct access to the water. With but ordinary care the pumps never get out of order and entail no maintenance charges. Further, the local body will be saved the recurring expense of having to maintain the watchman and above all, the false sense of security engendered by the fact of having a watchman would be removed.

3. I recommend early action in the matter and shall be glad if I am favoured, for reference and record in this office with a list of all the places where a watchman is at present employed to "safeguard" sources of water supply.

Report on the working of the Vaccination Department in the State and of the Vaccine Institute.

No. 2351-9—San. 42-17-3, dated 26th October 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Read—

The Report on the working of the Vaccination Department in the State and of the Vaccine Institute, Bangalore, for the calendar year 1916, received from the Sanitary Commissioner, with his letter No. P. 43 (*a*), dated the 24th July 1917.

Order No. 2351-9—San. 42-17-3, dated 26th October 1917.

1. *Results of Vaccination during the year.*—The number of persons vaccinated during the year under review was 97,280 against 110,744 in 1915, showing a decrease of 13,464. The number fell short of the average of the preceding five years by 7,103. This decrease, which was general in all the districts, except Kadur, is attributed to the absence of serious epidemics of the disease as well as to the prevalence of plague in a severe form. The explanation cannot however be considered as satisfactory.

2. The number of deaths from small-pox was less than in the previous year being 2,234 against 3,990 in 1915 and the death rate was 0·39 against 0·70 in 1915.

3. *Cost of the Department.*—The cost of the Department, excluding the Vaccine Institute, amounted to Rs. 22,717, which was considerably less than the amount incurred in the previous year. The cost of each successful vaccination was 0-4-8 against As. 4 in 1915.

4. *Vaccine Institute.*—There was a decrease in the quantity of lymph manufactured in the Institute though the net expenditure of the Institute rose from Rs. 5,927 in 1915 to Rs. 7,285 during the year under review. This requires explanation.

Government note that there is room for much improvement in the manufacture of lymph in the Institute.

5. *General.*—There was a decrease in the number of vaccinations performed in Municipal areas which fell from 19,440 in 1915 to 16,883 during the year. Though the compulsory Regulation was newly introduced into several Municipalities in the State, the Sanitary Commissioner reports that the working of the said Regulation has not made much progress owing to the fact that the Municipal Councils have no special agency for vaccination work. He has however furnished no information regarding the number of prosecutions instituted under the Regulation.

6. The re-organization of the Vaccination Department and vesting local Boards and Municipal Councils with authority over vaccination staff to be employed in their areas are now receiving the attention of Government.

I am directed to refer to your letter No. 1078—N. S., dated the 7th July 1917. I am to say that payments of the Indian Order of Merit allowances to Imperial Service Troops in India should be claimed by Durbars from the Civil Accountant-General of the Government with which the Native State is in political relation. Each claim should be reported by a reference to the Army Department Notification of the reward in the Gazette of India. The charges should be supported by the Civil Accountant-General to the Controller of Military Accounts who is responsible for auditing them.

While in the field, Indian Order of Merit allowances should be paid by Field Disbursing Officers, *vide* note 1 to Rule 13 of the instructions issued with Finance Department (Military) letter No. 430—Accts., dated the 3rd May 1915, and the charges audited by the Field Controller.

Government Order No. G. 3634-82—G. M. 268-16-1, dated 13th September 1916, directing that the two new buildings at Mysore noted in the margin be made available for the use of travellers and issuing rules regulating their occupation

Indian Guests' Quarters, New Block and the New Travellers' Bungalow

Order No. G. 4604-54—G. M. 314-17-1, dated 3rd October 1917.

In modification of the rules issued under the Government Order read above, Government direct that the New Travellers' Bungalow at Mysore be set apart for the accommodation of European and Indian visitors who live in European style. This building will be under the control of the Private Secretary to His Highness the Maharaja. It will be treated as an adjunct to the Government House and Staff Quarters at Mysore for budget purposes but separate accounts will be maintained for the same. The New Travellers' Bungalow will be available for the use of travellers during all seasons, but on special occasions such as Dasara and His Highness the Maharaja's Birthday, 2 or 3 rooms therein will be reserved for the use of Indian Guests who live in European style, if required by Government.

2. The structural up-keep and repairs of the building will be looked after by the Public Works Department. The Private Secretary to His Highness the Maharaja will, in consultation with the Public Works Department, arrange for the necessary additions and alteration to the building estimated to cost Rs. 8,500 and also for laying out a garden in front of the building, the cost being met from the Public Works Budget. The Comptroller to Government will place a sum of Rs. 1,000 at the disposal of the Private Secretary to His Highness the Maharaja for the purchase of the necessary articles of furniture, crockery, etc., for the building.

3. The Indian Guests' Quarters, New Block, will hereafter be known as "The New Indian Guests' Quarters." This building will be made available for other travellers and will continue to be under the control of the Secretary to Government, General Department, who will likewise arrange with the Public Works Department for the addition of two non-vegetarian kitchens to the building and a servants' stair case.

4. The following revised scales of establishment are sanctioned for the two buildings referred to above:—

The New Indian Guests' Quarters.

		Rs.	
One Butler	...	15	per mensem
One Peon	...	8	do
One Gardener	...	8	do

5. In consideration of the additional responsibility devolving on the Superintendent, Government House, consequent on the recent introduction of catering arrangements at the Staff Quarters, Mysore, and the supervision that the New Travellers' Bungalow will require, Government are pleased to sanction an extra local allowance of Rs. 25 per mensem to the Superintendent, Government House.

6. The appended revised rules for the occupation of the New Indian Guests' Quarters and the New Travellers' Bungalow at Mysore, will be published for general information.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 5271-320—G. M. 309-17-2, dated 8th October 1917.

The Government of His Highness the Maharaja desire to place on record their sense of the loss sustained by the State by the sudden death of Mr. K. S. Doraswami Iyer, Revenue Commissioner in Mysore, which occurred on the night of the 22nd September 1917. The late Mr. Doraswami Iyer entered the service in June 1888 and, having held with ability the appointments of Assistant Commissioner and Deputy Commissioner in the Revenue Department, rose to be the head of that Department as Revenue Commissioner in February 1912. His administration of this important department of Government for a period of five and a half years was characterised by conspicuous ability. The career of the late Mr. Doraswami Iyer was marked by sterling independence and uprightness of character, and the Government have lost in him a valuable and devoted servant of the State.

Reorganization of the General and Revenue Secretariat.

No. G. 5521-27—G. M. 33-17-1, DATED 13TH OCTOBER 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 10713—G. M. 352-13-1, dated the 26th June 1914, sanctioning a scheme for the re-organization of the General and Revenue Secretariat.

2. Government Order No. G. 16146-195— G. M. 584-16-1, dated the 28th May 1917, fixing, *inter alia* the scale of appointments of Subordinate Gazetted Officers in the General and Revenue Secretariat.

3. Government Order No. G. 3528-75—G. M. 232-12-1, dated the 6th January 1913, directing among other things, the inclusion of the General and Revenue Secretary in the cadre of Deputy Commissioners.

4. Government Order No. G. 146—G M. 79-15-1, dated the 5th July 1915, sanctioning the appointment of a Revenue Secretary to Government in place of Deputy Secretary.

5. Government Order No. G. 1050-2—G. M. 183-17-1, dated the 26th July 1917, making the appointment of Secretary to Government, Departments of Education and Agriculture permanent.

Order No. G. 5521-27—G. M. 33-17-1, dated Bangalore, 13th October 1917.

The work of General and Revenue Secretariat has increased roughly by about 70 per cent in recent years owing to increased activities in the administration. After a careful consideration of the several proposals for re-organizing the clerical as well as the gazetted staff in order to improve the efficiency of the Secretariat and provide for the growing demands of business, Government are pleased to pass orders as follows:—

The Ministerial Establishment.

(i) The strength of the permanent ministerial establishment will be raised from 137 to 161 hands and the scale of pay revised as in the appended statement. Under the arrangement now sanctioned, there will be four Chief Superintendents (Rs. 200—$\frac{10}{1}$—250), 15 Superintendents (Rs. 125—$\frac{10}{1}$—175), 70 clerks of the First Division (Rs. 50—$\frac{2}{1}$—100), 70 clerks of the Second Division (Rs. 30—$\frac{3}{1}$—60), and two typists (Rs. 30). The grade of Assistant Superintendent will be abolished.

(ii) The lumpsum grant of Rs. 3,000 per annum, sanctioned in Government Order No. G. 10713—G. M. 352-13-1, dated the 26th June 1914, for the entertainment of temporary hands, when necessary, will be retained.

(iii) The restriction against the appointment of substitutes during leave vacancies, etc., will be removed.

(iv) The general educational qualifications required for appointment to First Division Clerkships will be relaxed, when necessary, in the case of shorthand writers and typists.

(v) The entire establishment, including the Dewan's Office, will be a single unit for purposes of recruitment, granting promotions, etc., but each Secretary will be given substantial disciplinary control over the establishment placed under him. Detailed rules on the subject will be separately issued.

Subordinate Gazetted Officers.

(i) The local allowance of Under Secretaries will be raised from Rs. 50 to Rs. 75 per mensem.

(ii) Orders have already been passed raising the number of Assistant Secretaries by one. This additional appointment is sanctioned in order that the Registrar may be relieved of all duties unconnected with the management and supervision of the office, which should receive his undivided attention.

(iii) The tenure of office of a Subordinate Secretariat Officer should not ordinarily exceed four years. His retention thereafter should be by specific order of Government and should be limited to a period of one year at a time.

(iv) The posts of Registrar and one Assistant Secretary will be thrown open to members of the ministerial establishment of the Secretariat.

Separate orders will issue regarding the functions and responsibilities of Subordinate Secretariat Officers.

Secretaries.

(i) A Chief Secretary will be appointed in place of the General Secretary on a pay of Rs. 1,200 with a local allowance of Rs. 200 per month. The appointment will not be permanently filled and any officer appointed as Chief Secretary will draw the pay and allowance of the post only so long as he fills it. The Chief Secretary will be in charge of Council work and the work connected with graded appointments and political matters. A separate Confidential Branch will be established in the Secretariat for dealing with these subjects. The Chief Secretary will be expected to co-ordinate the work of all the Secretaries of Government, to help the administration and the Dewan in working up all urgent or special cases that may be referred to him, to whatever department they may belong, and to deal with any miscellaneous work not specially assigned to any other department.

(ii) The offices of Secretary, Economic Conference and Secretary to Government, Departments of Education and Agriculture will continue to be a combined charge.

(iii) A local allowance of Rs. 150 will be attached to the posts of Revenue Secretary and Secretary, Education and Agriculture, in addition to grade pay.

Office Procedure.

In order to save time and minimise scriptory labour, shorthand and typewriting should be largely employed in every Branch of the Secretariat. The petition rules issued with Government Order No. G. 8721-70—E. A. 33-14-1, dated the 11th February 1915, should be suitably revised and enforced. Printed standard draft forms should be more largely used and the registers in use and the periodical reports and returns obtained in the Secretariat should be examined with a view to possible reduction and simplification.

Report on the working of the Government Museum, Bangalore, for the year 1916-17, received with letter No. 20, dated 21st August 1917, from the Officiating Superintendent, Government Museum.

Order No. G. 5723-4—G. M. 252-17-3, dated 20th October 1917.

Recorded.

2. Compared with 1915-16, there was a decrease of 87,486 in the number of visitors to the Government Museum during the year under review, but there was an increase of 51,939 as compared with the number of visitors in 1914-15. The percentage of those who signed their names in the visitors' books was the same as in the previous year, *viz.*, 7 per cent.

3. In the review of the report for 1915-16, an observation was made that the catalogue of the coins of the Museum collection should be completed as early as practicable with the assistance of the Director of Archæological Researches, but Government regret to find that nothing has been stated by the Superintendent on the subject in the report under review. He will be good enough to explain the omission and to report immediately what progress has been made.

4. He is requested to convey the thanks of Government to the several donors for the gifts made by them to the Museum during 1916-17.

Letter No. 3614, dated 12th March 1917, from the Secretary, Education Committee, forwarding a resolution of the said Committee regarding the introduction of the Boy Scout Movement as an experimental measure in the cities of Bangalore and Mysore.

Order No. 3545-9—Edn. 133-16-2, dated 3rd October 1917.

Government are pleased to sanction the introduction of the Boy Scout Movement in some of the schools at the District Headquarters in the first instance, and its gradual extension later on into all the schools in the State. About six teachers with the necessary aptitude will be selected by the Inspector-General of Education for training in the principles and practices of the Scout Movement and after the completion of their training the movement will be strarted in some of the schools at the District Headquarters. The Inspector-General of Education is requested to make suitable arrangements to give the required training and to report for the information of Government the action taken in the matter, the names of the teachers selected for training and the particular schools in which he proposes to start the movement in the first instance. A report will also be submitted at the end of six months as to how the scheme has worked and it may be improved upon.

A sum of Rs. 7,000 is placed at the disposal of the Inspector-General of Education for the purpose. This amount will be met by reappropriation from the Education Budget, the exact source being pointed out later on.

The Education Committee is requested to prepare a detailed scheme for inculcating the first principles of loyalty, patriotism, self-discipline. and *esprit-de-corps* in all the schools on the lines suggested in the note appended hereto.

MEMO.

Along with the introduction of the Boys' Scouts Movement, it seems very necessary and desirable to introduce into all the schools what may be termed the first principles of Loyalty, Patriotism, Self-discipline, *Esprit-de-corps*, etc., *i.e*, simple every day practices, lessons or observances which could be easily introduced and will inculcate into the young a true spirit of the above enumerated qualities which it need hardly be said are so essential for the growth of a law-abiding, patriotic, manly, self-disciplined citizen of the State.

A few such simple every day practices that I would suggest under each of the four heads mentioned above are:—

(1) *Loyalty*:—

Every day when the boys are assembled in their class-rooms, and before commencing the regular school-work, the teacher may give them a short lesson in vernacular inculcating the duty they owe to their King, country and brethren and the boys made to invoke the aid of God in a set form of prayer (which may be standardised) in easy vernacular, and rather in prose than in verse, to help them in their studies and in the proper discharge of their duties to their Ruler, country and brethren, concluding with a prayer for the long and happy life of their Sovereign and prosperity to the country.

(2) *Patriotism*:—

(*a*) The boys are to be taught to salute all their superiors in the national method.
(*b*) Simple school uniforms and crests are to be prescribed and their use encouraged.
(*c*) Every school is to possess a banner and boys taught to respect and revere it.
(*d*) Each school to have a motto, the significance of which should be made well known to the boys.

(3) *Self-Discipline and Esprit-de-corps, by*:—

(*a*) a system of drill;
(*b*) formation of school cadet corps;
(*c*) boy scout drill; and
(*d*) outdoor games.

The whole of this may come under Moral training and forms a very necessary and excellent basis for Martial training.

Government Order No. 16585-7—Edn. F. 13-96, dated 11th April 1902, approving of the revised rules for the award of scholarships to Mahomedans and Pallegars, the annual amount sanctioned on account of the scholarships being Rs 1,440 and Rs. 840 respectively.

2. Government Order No. 9505-6—Edn. 300-06-2, dated 15th April 1907, instituting eight scholarships of Rs. 2 each for students of depressed classes from the Village School Fund.

3. Government Order No. 9816-7—Edn. 473-08-4, dated 29th April 1910, sanctioning rules for the grant of seven scholarships of Rs. 25 each tenable at the M. A. O. College, Aligarh, for Mahomedan boys of respectability.

4. Government Order No. 8940-90—Edn. 96-16-12, dated 8th May 1917, passing orders instituting scholarships for the education of backward classes.

Order No. 3943-7—Edn. 42-17-35, dated 13th October 1917.

With a view to encourage College and High School education among Mahomedan students, Government have already provided the following facilities:—

(1) A sum of Rs. 120 is spent monthly in awarding scholarships to poor Mahomedan boys who are unable without Government help to study for the Matriculation and higher University examinations (*vide* Government Order No. 16585-7—Edn. F. 13-96, dated 11th April 1902).

(2) Seven scholarships of Rs. 25 each are given to sons of respectable Mahomedans whose ancestors have rendered good service to the State or are highly esteemed in their community (*vide* Government Order No. 9816—Edn. 473-08-4, dated 29th April 1907).

Moreover for the promotion of education among the younger members of the families of Pollegar Pensioners, an annual charge of Rs. 840 for the grant of scholarships was sanctioned in Government Order No. 16585-7—Edn. F. 13-96, dated 11th April 1902.

Eight scholarships of Rs. 2 each are being awarded from the Village School Fund to students of depressed classes as per Government Order No. 9505-6—Edn. 300-06-2, dated 13th April 1907.

Now that a sum of Rs. 1,00,000 has been sanctioned in Government Order No. 8940-90—Edn. 96-16-12, dated 8th May 1917, for awarding scholarships in connection with the education of backward classes, Government consider that the above scholarships may also be brought under the scheme.

As the Pallegar and the Aligarh scholarships stand on a different footing, they may be continued on the present basis for some time. The amount of each scholarship granted to Pallegars should not be less than that of the corresponding scholarship under the backward classes scheme and the amount of Rs. 840 may now be apportioned on this basis by the Inspector-General of Education in consultation with the University Council for High School and College Education, treating these scholarships as being outside the scheme, the members of the community being also eligible for the regular scholarships under the same.

All other scholarships for Mahomedans and depressed classes will be similarly merged in the scheme, provided that in the case of Mahomedans the total number of scholarships awarded to members of that community in the High School and College classes under the scheme is not less than the total average number of scholarships granted during the preceding five years.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 4001-50—Edn. 127-17-1, dated 16th October 1917.

Government have followed with interest the annual celebration of His Highness the Maharaja's Birthday throughout the State. They consider that this auspicious occasion may be taken advantage of to develop in the rising generation the virtues of loyalty and patriotism, sense of discipline and of self-sacrifice in the cause of the country. They accordingly direct that the celebration of His Highness the Maharaja's Birthday should be an annual function in all Educational Institutions in the State.

2. The following outline of a programme is suggested :—

(1) Assembling the children in the school house.

(2) Saluting His Highness the Maharaja's Portrait and the Mysore Flag.

(3) Prayer.

(4) Giving a brief account of the history of Mysore and of patriotic incidents in its history.

(5) A brief discourse on the civic, social and national duties of the younger generation.

(6) Singing of the Mysore National Anthem.

This part of the programme may be arranged for in the morning between 7 and 10 A.M. Sports may be held in the afternoon followed by distribution of prizes to the winners and arrangements made for the distribution of sweets to the school children. The leading non-officials of the place and the local officials of all departments should be requested to co-operate to make the function a success.

The Inspector-General of Education is requested to issue necessary instructions to give effect to this scheme. The celebration should be held on some convenient day to be fixed by the Inspector-General in all schools throughout the State and the day will be a school holiday in addition to the Gazetted General holiday on account of His Highness the Maharaja's Birthday.

3. In order to meet the cost of the entertainment of school children, voluntary subscriptions may be raised to be supplemented in Municipal areas by contributions from local bodies. A sum of Rs. 5,000 will be placed at the disposal of the Inspector-General of Education for sanctioning small contributions in the case of girls' schools and schools for depressed classes.

Collection of the Sale Proceeds of Agricultural Implements.

No. 3912-22—A. & I. 209-15-12, DATED 13TH OCTOBER 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

READ—

Government Order No. 2741-50—A. & I. 209-15-6, dated 20th October 1916, requesting the Director of Agriculture in Mysore, to report whether the work of the collection of the sale proceeds o the agricultural implements cannot be transferred to the Shekdars.

2. Correspondence ending with letter No. 139, dated 27th November 1916, from the Director o Agriculture in the same matter.

3. Correspondence ending with letter No. C. 252S, dated 11th July 1917, from the Revenue Commissioner in Mysore on the same subject.

Order No. 3912-22—A. & I. 209-15-12, dated 13th October 1917.

The Director proposes to entrust the work of collection to the fieldmen in case they are made permanent, or to the patels of villages, where demonstrations are held, while the Revenue Commissioner suggests that the Agricultural Department should be made responsible for the collection work as contemplated in Government Order No. 3913-62—A. & I. 73-14-2, dated 12th April 1915. While agreeing with the Revenue Commissioner, that it is the duty of the Agricultural Department to collect the price of the implements supplied to the raiyats, Government are of opinion that the sale of the agricultural implements is likely to be hampered, if the work is to be entrusted solely to the Agricultural Inspectors as their number is very much limited nor can the fieldmen be empowered to receive the sale amounts, as they are temporary employees on a very low scale of pay.

Government are pleased to direct that as a temporary measure the village patels be authorised to receive the sale amounts from fieldmen and remit the same to the treasury.

The following procedure will be followed in collecting the amounts and paying them into the treasury.

(1) When the value of the implement is paid in full, the amount will be received by the patel and receipts in triplicate issued. Of the triplicate forms one will be forwarded to the Office of the Director of Agriculture, one will be delivered to the purchaser and the other retained by the patel till the end of the month. All the moneys collected during the month should be remitted along with the corresponding receipts to the treasury for being credited to the proper heads, simultaneously with the land revenue collections or before the end of the month, the receipt being filed in the Treasury and an intimation sent to the Director.

(2) When the implement is sold on the hire purchase system, the fieldman selling the implement should prepare a bill in quadruplicate specifying the period within which the payment is to be made and send one part to the Director, one to the Amildar concerned, the third to the purchaser, the last part being left with the patel for reference. When the instalment becomes due, the patel should recover the amount and issue a receipt in triplicate referring to the original bill and follow the procedure prescribed above in regard to the remittance of collected amounts.

(3) The patel will be paid a commission of one per cent on the value of implements of which the full price is paid on the spot and three per cent in the case of amounts recovered by him while the implements are sold on the hire purchase system.

No. 3912-22—A. & I. 209-15-12, DATED 13TH OCTOBER 1917.

(4) These rules will not apply when the implements are sold by Agricultural Inspectors and other higher officers of the department, who will be directly responsible to recover and credit the money for implements sold by them.

(5) The Director of Agriculture is requested to issue in consultation with the Revenue Commissioner a series of simple rules in Kanarese for the guidance of the village officers concerned.

(6) The Director will be responsible to arrange for proper accounts being maintained in his office and periodical check and the final recoveries of all amounts in full.

Letter No. 74, dated 24th August 1917, from the Director of Industries and Commerce, submitting proposals for the purchase of a metal working plant, with accessories, at a total cost of Rs. 25,000 and stating that the working expenses of the concern are estimated to amount to Rs. 10,000.

2. D. O. letter No. 123, dated 11th September 1917, from the same officer, forwarding the specification in original of the metal working plant proposed to be purchased.

3. Letter No. 697—2, dated 19th September 1917, from the Secretary, Industries and Commerce Committee, furnishing the Committee's opinion in regard to the establishment of a metal working factory as proposed by the Director.

Order No. 4130-2—I. & C. 85-17-9, dated 19th October 1917.

The Director states that with a view to convince the public of the importance of the metal working industry it should be started by Government in the beginning with a view to its being eventually handed over to private capitalists after successful demonstration. The majority of members of the Industries and Commerce Committee are in favour of the Director's proposal.

2. Government are accordingly pleased to sanction the Director's recommendation. He is requested not to purchase the machinery unless he is satisfied that it is entirely sound and its general condition is such that it will be readily taken up by private enterprise after it has been worked for sometime.

3. A quarterly statement of receipts and expenditure should be submitted for the information of Government. The Director is also requested before starting operations to submit detailed estimates of expenditure and obtain sanction thereto.

4. The Director is requested to point out the source from which expenditure on account of the above during the current year may be met and to report what arrangements he will make for training local men in the industry and for the manufacture of brass and aluminium buttons, referred to in his letter of 24th August 1917 read above.

Paricharakship of Jeer Sannidhi.

No. 923—Muz. 338-16-4, dated 12th October 1917.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 20 of 1916-17.

Appellant	*vs.*	Respondent
Stanik Tirunarniengar of Melkote.		Singlachar of Melkote.

Subject.

Appeal against order No. 1294, dated 21st June 1915, of the Deputy Commissioner, Mysore District, rejecting Tirunarniengar's claims to the Paricharakship of Jeeyar Sannidhi in the Sri Narayanaswami temple at Melkote, French Rocks Sub-Taluk.

Decision.

The case was heard before Government on 13th July 1917, both the appellant and the respondent being present in person.

The relationship of the appellant to the deceased barawarddar has not been questioned by any one and there is no doubt as to his right to succeed to the vacant office in question. The mere fact that he is holding some 2 or 3 minor appointments besides the one he now lays claim to, should not have weighed with the Deputy Commissioner in refusing to recognise his lawful claims to the appointment. As he offers to resign the Librarianship of the Sanskrit Pathasala Library which perhaps may be regarded as taking up the best part of his time, there is no good reason to keep him out of the office of the Paricharakship of the Jeeyar Sannidhi. There is no question as to his ability to perform the duties of his office which are by no means of an onerous nature. For these reasons, the appeal is allowed.

Memo No. 923—Muz. 338-16-4, dated 12th October 1917.

Copy of the above is forwarded to the Deputy Commissioner, Mysore District, with the records received with his letter No. 673, dated 20th April 1917.

APPENDIX B.

DEPARTMENTAL INSTRUCTIONS.

Inspection should never be commenced between the hours of sunset and sunrise as naked lights are to be strictly prohibited in Registration Offices

2. It is desirable the Inspecting Officers should occasionally inspect offices without previous notice.

3. The inspection reports may contain some general remarks as to the efficiency or otherwise of the staff in the offices, as a whole, but when detailed remarks as to the conduct and character of any members of the staff may have to be made, a confidential note, when necessary, may be submitted to or by the District Registrar.

4. When the examination of a book has been completed the Inspecting Officer should write the word "Examined" after the last entry in it and affix his signature with the date.

5. On receipt of the inspection reports, the Registrar will forward them for explanation when necessary to the Sub-Registrar concerned. The Registrar will then send the inspection reports together with his remarks to the Inspector-General and he will also forward the explanation, if any, submitted by the Sub-Registrar. A copy of the remarks made by the Inspector-General (or such portion as may be applicable) should always be forwarded to the officer concerned. There should be no delay in the submission of these reports, as they lose much of their value unless promptly dealt with.

6. In preparing the "Notes of Inspection of Registering Offices" the points to which the Inspecting Officer's attention should be chiefly directed are :—

(i) The number of almirahs and other furniture in actual stock should be compared with the Inventory kept in the office.

(ii) It should be specially noted whether the books have been neatly and cleanly kept, whether there are any damaged entries or pages in any of the books, whether the series of volumes are intact and in good condition, whether all the registers prescribed are kept and whether they are carefully handled. Books which are in a dilapidated condition and require binding should also be noted.

(iii) The number of documents uncopied and unindexed should be verified by referring to the last number admitted to registration in the A Register.

(iv) The number of unclaimed documents and documents pending registration with the Registering Officer must be verified with the entries made in the register books kept for the purpose and the receipt file.

7. In recording the Inspecting Officer's remarks under the heads "Remarks on Registers, etc.," "Remarks on Indexes and subsidiary books, etc.," and "General remarks" a great deal of unnecessary repetition might be avoided by noting the remarks under some main heads as shown below—

I. Examination of Registers—

(*a*) Pages examined—

Book I, Vol. 100, pages 1 to 300.
Do „ 101, „ 50 to 500.
